Firstly building the words and then once you know the words adding expression and tone. • Once you have practiced each verse we would like you to perform the poem fluently to an audience, focusing on every line and how the verses rhyme so your timing needs to be perfect! You could have a photo of you taken performing or a video that could be sent in for your class to watch. ☺ **Phonics/Spellings** Practice spellings from our HFW list so that you know these words by heart.
