Home Learning: Curriculum
Term: Spring 2 Year: 2

Please click on the links below to access online learning for other areas of the curriculum. One other lesson other than English, Maths and Phonics/spellings is recommended per day. All lessons will link to learning in class. Although this may not always link to the specific topic area (eg. Romans) it will be a lesson that covers relevant skills or National Curriculum objectives for your child.		
	Week 1	Week 2
Day 1 22.02.21	**Art - Introduction to printmaking** In this lesson, we will ask 'what is a print'? We shall look at pattern and texture in the environment and think about how we can capture this in a visual way. This lesson includes some physical activity and equipment beyond pen, paper or pencil. Please make sure your child is adequately supervised. https://classroom.thenational.academy/lessons/introduction-to-printmaking-cruk4c	**Art - Exploring printing with found objects** In this lesson, we will be making repeated and rotated prints using found objects. This lesson includes some physical activity and equipment beyond pen, paper or pencil. Please make sure your child is adequately supervised. https://classroom.thenational.academy/lessons/exploring-printing-with-found-objects-6wv32r
Day 2	History: **How has food changed in the last 60 years?** In this lesson, we will be learning about some of the ways in which food has changed over the last 60 years. We will learn how modern technology has made it easier to cook and eat food and will look at some examples of popular dishes from the 1960s to 1990s. You will need a piece of paper and a pencil. https://classroom.thenational.academy/lessons/how-has-food-changed-in-the-last-60-years-60u6cd	History : **Where does our food come from?** In this lesson, we will be learning about where some of the food that we eat comes from. We will look at some of the most popular foods from other continents. You will need a piece of paper and a pencil. https://classroom.thenational.academy/lessons/where-does-our-food-come-from-75hk8e

Term: Spring 2 Year: 2

Day 3	Well-being Wednesday Can you create a board game that you could play with your family? It could be your version of snakes and ladders. For example, you could go up the rockets and down the shooting stars.	Well-being Wednesday You are the star of your own movie! Draw a story map of the main events. Where does it happen? What happens? Are you the superhero or the villain?
Day 4	P4C	World Book Day
Day 5	Science - **What do we know about the weather?** In this lesson, we are going to be learning about the four seasons and the weather. We are going to learn what a scientist is and how important they are. We are going to complete an observation of the weather outside of our windows and compare this to the four seasons. Lastly, we will be identifying the different weather in the four seasons. You will need a piece of paper and a pencil for this lesson. https://classroom.thenational.academy/lessons/what-do-we-know-about-the-weather-6ct30c	Science - **How does the weather change across the seasons?** In this lesson, we are going to be looking at more detailed impressions of what scientists are and look like. This will help us begin our lesson, then we will look at understanding how the weather changes across seasons. We will be reminding ourselves of the different types of weather and comparing this to the seasons. Lastly, we will be beginning our first scientific experiment! You will need a pencil, piece of paper and your weather drawing from last week. Let's get started. https://classroom.thenational.academy/lessons/how-does-the-weather-change-across-the-seasons-ctj34d
