Tuesday 3rd November 2020

Dear Parents / Carers,

Bubble Closure of 1MT – The Marvellous Meerkats

You will have received a letter regarding the closure of 1MT. We appreciate that this is an incredibly unsettling time for you, however we hope that this letter brings you a little comfort in knowing how school will be continuing to support you during this time. This letter outlines how your child will now access learning from home.

We will now be following this process:

Step 1: School have already sent, via email, an official notification of the bubble closure which has confirmed the required isolation period (according to Public Health Advice).

Step 2: The class teacher will lead home learning. Children will be able to access learning as outlined below (dependent upon internet access).

Access to the technology and the internet? **Yes**	Access to the technology and the internet? **No**
1. Teachers will upload a timetable outlining the week's learning to the website; 2. Teachers will upload links to English, Maths and Curriculum - to cover the period of self-isolation; 3. Children will also be encouraged to participate in other daily learning activities such as: daily reading, TT RockStars, Spelling Shed and Physical Education sessions; 4. A Homework Menu with various learning opportunities will be available to supplement the work pack. Please note: this will be to support learning in exceptional circumstances when the child is unable to access the remote learning on offer.	1. This letter clarifies details of the self-isolation and daily lesson expectations; 2. School will endeavour to support, wherever possible, with the lending of a device or devices to a family. This will be for the length of the isolation period; 3. A work pack (which reflects the learning in school) will be made available to the family. This will need to be collected from the school office; 4. A Homework Menu with various learning opportunities will be available to supplement the work pack; 5. The devise or devises borrowed from school will be returned upon completion of the isolation period.

Step 3: A member of the team (wherever possible the class teacher unless there are extraordinary circumstances) will make three daily contacts with the class through TEAMS to introduce high-quality online and offline resources and teaching videos. They will offer feedback and support linked to the learning. Teachers will demonstrate where to find the appropriate learning opportunities and determine

if the learning for the following day is still appropriate. Parents will continue to have access to teacher emails to gain support for learning or wellbeing concerns during this time.

Daily timetable

Your child's daily timetable and suggested daily structure can be seen below and on the class page; https://www.ellison.staffs.sch.uk/y1mt-mrs-myatt-and-miss-tomkinson/. Of course this may be subject to change if required:

	Feedback on the day. **Story Time Phonics story**	learning. Remind yourself of the key learning facts from the day. **Wherever possible ask an adult or older sibling to read a story/Chapter of a book to you.**
2:40pm – 2:55pm	**Daily exercise** – See the suggestions above.	Daily exercise. Each afternoon please complete a ten minute daily exercise e.g. star jumps, bunny hops, running on the spot, hops and stretches.
2:55pm onwards (optional)	**Please complete any learning activities that are suggested on the daily routine that you were unable to complete during the day;** learn your spellings, another Times Tables session, daily reading etc. An item from the homework Menu that you did not complete. (Please note a new menu is due out on Friday 7th November).	

Teams, email address and absence

We will email an invite to your child's email address, for your child to access the first Teams class call which will take place on Wednesday 4th November at 9:10am. Please **note we have set up a new email address for this class only; y1mt@ellison.staffs.sch.uk. This will be the email address we would like you to use from this point forward to contact your child's class teacher.** If your child is not well enough to attend a morning call or to complete learning from the paper pack, our usual absence procedures will still operate and you will need to inform the school office of their absence. There is a separate guide for parents which will support with the use of Microsoft Teams. Children have been given an introduction to this platform before the half term break to support with bubble closures.

Home learning can be completed in the exercise books which were sent home with children at the start of term. These books are not to be used in any other way. The books are to be kept at home at the end of the isolation period, in case we are in the unfortunate position of requiring to close the bubble once again.

For support with accessing Teams please click on this link; https://www.youtube.com/watch?v=fdaMa1DSwXo and it will send you to a short, useful video explaining how we will be using Teams during the isolation period. **We highly recommend you watch this video with your child, prior to the first Remote Learning Teams session with their teacher.**

Microsoft Teams expectations for STAFF:

Teachers will ensure that the screen view seen by children via teams is professional at all times. Children will be welcomed as they are admitted to the virtual room and they will then be asked to mute their microphones so that the streaming experience is as effective as possible. Teachers will then introduce the learning for the day.

Teams expectations for CHILDREN:

These are the expectations for children and families while accessing remote learning via Microsoft Teams at home:

- No session can be recorded / photographed / screenshotted (due to safeguarding reasons);
- Learning must be located in a family room (not bedroom);
- Children (with support from their parent/ carer) must consider the background scene on Teams;
- Language must remain appropriate; from both the children and their family members;
- All family members within screenshot (including the child) must wear suitable clothing similar to non-uniform day attire (no pyjamas please!);
- Children will be given the opportunity to say hello when they first enter the virtual room and will then be asked to mute;
- In the event of support being required during the session the 'hands up' feature or 'chat box' can be used to ask questions.

By accessing the Teams sessions, we will be taking this as to your agreement with the rules above. If you do not agree with the above rules please do not join the session, but instead contact the school office to discuss your concerns and queries.

Feedback

Teachers will provide answers and give feedback wherever possible. The weekly timetable will share the expectation of what work will be shared with the class teacher (e.g. extended writing, art project). Generic feedback will be shared with all children. Personalised feedback will be given on an individual basis wherever possible. Parents can also email work to teachers at any point, teachers will then feedback on this as timely as possible.

Teachers will be available to support and give feedback where required via the email address y1mt@ellison.staffs.sch.uk during the day up to 15:30pm. After this point they will be, amongst other things: ensuring all resources and learning are readily available for the following day; following up on safeguarding

concerns (that they will have reported during the course of the day); virtually attending staff meetings and CPD opportunities/meetings; liaising with staff in school to support the creation of paper learning packs etc.

What will happen if my child does not engage with remote learning?

A member of the team will telephone the family to offer support and guidance as required. We will of course reiterate the importance of home learning during this time. If you are unable to participate in class Teams, we will ensure that telephone contact is daily from a member of the school team. For families without internet, a pack of work will be prepared by teachers each week which will need to be collected from the school office. Please call the school office to arrange collection of this pack. Paper packs are to be used only in the few circumstances where internet access is unavailable to access the home learning. The expectation is that children will follow the timetable as suggested.

Please know that during this unsettling and difficult period; you are not alone. You can contact us at school at any time to ask queries or share concerns. Our children's well-being will continue to be our priority during this time and we will endeavor to support to the very best of our ability and capacity

Yours sincerely,
Mrs N. Gibson

Head Teacher
